Dear all,

Just to confirm the Press Release has gone out today.

It will be circulated as appropriate by:

1. DG Unlimited
2. Dumfries and Galloway Council
3. Cornershop, on behalf of greenspace scotland

Many thanks for all your contributions and please accept my apologies for the large number of emails.

I have created the PR template and have a process outlined below which will make things much simpler now, I trust.

For future media releases: Drafts from Katie and t s will be circulated amongst the key comms officers of all partners (listed above). The final version will be sent to the steering group for their information. This will avoid the high level of emails and disproportionate amount of time spent on one release or media announcement.

I trust you are all happy with this approach. An archive of all press will be kept by DG Unlimited, DGC and greenspace scotland.

Warmest best wishes.
